Whole-Person Telehealth Care for Florida, Wisconsin, & Nevada

Psychiatry · Family Medicine · Medication Management · Therapy (established patients)

WHY CHRISTINE

A provider who actually listens.

Christine is dual board-certified in psychiatric mental health and family practice. Your mood, hormones, sleep, labs, and meds are looked at together — not split across five appointments with five different providers.

WHAT MAKES IT DIFFERENT

Same provider, every visit.

No bouncing from provider to provider.

Appointments are not rushed.

Time spent to go over all your care needs.

Full prescribing authority in FL & WI.

Including controlled medications when clinically appropriate. In Nevada, non-controlled medications only at this time.

Affordable & transparent.

Clear pricing, no surprise bills.

HOW IT WORKS

Telehealth, made simple.

From anywhere in FL, WI, or NV

A quiet room and a phone or laptop is all you need.

No referral needed

Schedule directly online — skip the gatekeeping.

Forms & Payment

Forms completed and payment processed 24 hours in advance of your appointment.

24-hour cancellation policy

Reschedule easily; no refunds inside 24 hours.

"Life is a journey, make it as positive as possible!"
